By outsourcing payroll administration to excent, your company will benefit from:

- Years of experience and up-to-date expertise
- High-quality processing
- Lean cost structure, maximum efficiency
- Discretion within the company
- Timely and flawless production, control, and dispatch of invoices
- Efficient and client-oriented processing
- Significant resource savings in terms of personnel and software

### What we offer

The protection and representation of our clients' interests is at the heart of everything we do. We view our clients as individuals.

#### Digitalization

Via web-access, you can access evaluations and personnel master data at any time via the web. Your employees can also record expenses and/or time via an app and retrieve their pay slips. Documents can be exchanged via a file-sharing platform, online forms, or e-mail.

#### Employer support

You receive personal and individual support. In addition to payroll, we can also assist you in many other areas, such as: All HR areas (labor law, social security, strategy, etc.), accounting, and taxes for your company.

#### Employee support

Employee needs have been growing steadily in recent years. We are also happy to support you in this area, e.g., through private tax consulting, optimization of pension planning, coaching, and development.

Since 2006, Excent AG has stood for first-class, customer-oriented services and a transparent cost structure. Our credo: creating genuine added value and setting new standards.
