

Power of attorney for tax, AHV, BVG, and insurance matters

Principal (hereinafter referred to as client)	Authorized representative (hereinafter referred to as excent)
	<p>excent AG Sihleggstrasse 23 8832 Wollerau</p>

excent AG is authorized for representation in all tax proceedings (such as assessment, collection, and tax remission proceedings) for federal and cantonal income, profit, wealth, and capital taxes, real estate gains tax and withholding tax before the cantonal tax authorities (including appeals authorities), provided that there is no personal obligation to participate in the proceedings, such as the obligation to personally sign the tax return.

Furthermore, the power of attorney applies to all matters and procedures relating to the compensation fund (AHV), value added tax (VAT), occupational pension provision (BVG), and all insurance matters.

Based on this power of attorney, tax returns, requirements, assessments, decisions, invoices, reminders, and all other orders from the tax authorities (e.g., orders regarding provisional invoices, liability shares, security deposits, initiation of supplementary and criminal tax proceedings, administrative fines) will be sent exclusively to the authorized representative. In the assessment procedure, this person has the same rights and obligations as the taxpayer(s) who signed the form.

The power of attorney is valid for all current and future proceedings relating to the tax periods or tax years 2019 ff. and until written revocation by the taxpayer or until the representative resigns from the mandate. Special procedural requirements for representation (e.g., proceedings before administrative courts, civil proceedings, debt enforcement proceedings) remain reserved.
